## Hong Kong Maritime Industry Week

20 – 27 November 2016

To “propel Hong Kong” as a renowned international maritime centre, the first-ever Hong Kong Maritime Industry Week (HKMIW 2016) will be held on 20-27 November this year. The objectives are to make Hong Kong a preferred base for operating maritime business, and to foster interest and professionalism in various port and maritime services. During HKMIW 2016, international and local industry luminaries and practitioners will come together for a myriad of diversified and fun-filled activities ranging from industry briefings, seminars and conferences, corporate functions, maritime-themed sports to networking events.

Organised by the Hong Kong Maritime and Port Board, HKMIW 2016 will not only celebrate Hong Kong as an international maritime centre that provides superb maritime and port facilities and services, but also galvanizes practitioners in the maritime cluster to work towards shared goals with pride and energy.
